

# Energy

Manuchar supplies the energy industry with chemicals used in drilling, stimulation and production.

Manuchar supplies a full portfolio of chemicals used in drilling, stimulation and production for the energy industry, across the Americas, Africa and CIS.

Our global presence and expertise in logistics allows us to deliver the needed products to our clients even in the most far-flung corners of the world.

We help your business commercially, logistically and in terms of managing working capital. By aggregating products and customers we optimize your entire supply chain and go-to-market strategy.

Our Services in Chemical Distribution cover the full value chain, up to just-in-time delivery of goods to your factory.

## Manuchar as a global player

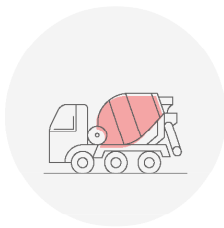

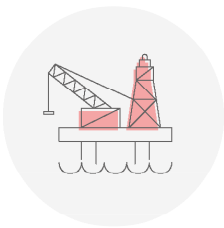

In 2022 we handled 4 million metric tons of goods, generating 2.8 billion USD in sales. Our local operations are in over 35 countries and 160 locations. Manuchar employs 2,600 professionals worldwide.

At Manuchar "We keep your production running. Anytime. Anywhere."
